Ballot Certified for the November 8, 2022, General Election

LINCOLN- Secretary of State Bob Evnen announced today that the final list of candidates for offices and ballot measures has been certified Friday, September 16, 2022, by his office.

“My office has finalized the certification of candidates and ballot measures that file with the State of Nebraska.” Evnen said, “This certification is a vital part of the process and ensures that candidate names and party affiliations are listed correctly.”

The 2022 general election ballot will also allow voters to vote on two Initiatives Measures proposed by petition.

By random drawing, the Initiative Measures will be numbered as follows:

- **Voter ID Constitutional Amendment: Initiative Measure 432**
- **Minimum Wage Initiative: Initiative Measure 433**

“In accordance with the placement of the initiative measure on the ballot, my office will be hosting a hearing in each of the three congressional districts as required by law,” Evnen stated. “These hearings will allow Nebraska voters to comment.”

Informational pamphlets will be created and distributed for each Initiative. In addition, pamphlets will be available in county election offices and the office of the Secretary of State by the end of September.

Early ballots will begin to be sent starting October 3, 2022. Information about the Initiatives, as well as a list of statewide candidates, can be found on the Secretary of State’s website.
